Recruitment Services

Temporary & Permanent Staff

Temporary staff can provide a convenient and cost effective solution and can help during sudden requirements of staff. We manage the administration and payroll responsibilities and directly supervise and control the labour.

Permanent staff recruitment is key to the development of any business. That is why we train our consultants in the recruitment process to REC standard. This ensures the highest possible level of service can be provided.

Executive Search & Selection

Oracle offer a tailor made service that is provided by our experienced consultants. They deal with everything from media and advertising strategy to selection and placement. We provide a comprehensive interview process including pre-interviews, psychometric testing and profiling.

Fully Managed Labour Supply Package

Oracle offer a fully managed on site service, when warranted by numbers. Included in the service are a dedicated, on or off-site account manager, charge hands, first aiders, management of all WTD's, provision of time management systems (i.e. hand scanners), training, provision of PPE.

Construction

Oracle Global is a specialist recruitment consultancy for the Construction Industry. Our consultants place a high value on sharing knowledge and experience when researching jobs for individuals with organisations throughout the Construction sector, including building, civil & structural engineering, fit-out, housing, rail and infrastructure. Oracle Global's clients include Sub-Contractors, Main / Building Contractors and Government & Defence Bodies.

Whatever your experience or level within Construction industry, Oracle Global can help you achieve your potential with a varied selection of permanent jobs, contract jobs or consulting positions including;
